AMENDMENT NO	DATE
1	6/21/2013
2	7/1/2013
3	7/9/2013
4	7/18/2013

A signed and dated Standard Form 1449 must be included along with all other information requested herein by the due date and time. Offers shall be submitted through regular mail to the Great Lakes Acquisition Center, Department of Veterans Affairs, Antonio Reyes, Contract Specialist, 115 South 84th Street, Suite 101, Milwaukee, WI, 53214-1476 and must be received by the date and time specified in Block 8, a copy of the offer may be sent via email to antonio.reyes@va.gov. CAUTION - LATE Submissions, Modifications, and Withdrawals: See provision 52.212-1. All offers are subject to all terms and conditions of this solicitation.

INSTRUCTIONS IN PROVIDING PROPOSALS

1. **Qualifications:** Offeror confirms that he/she has a regularly established firm in the business called for and who, in the judgment of the Contracting Officer (based upon information provided), is financially responsible. The offeror must be able to show evidence of their firm's reliability, ability, experience, equipment, facilities, and personnel directly employed or supervised by them to render prompt and satisfactory service.
2. **Submittal of Hard Copies of the Proposal:** Offerors shall submit three (3) separate sealed envelopes as noted below when returning their signed (hard copies) of the proposal. Submittals must be in the quantities and format specified in the instructions provided below. Please include the name, address and phone number of your company on each submittal. All hard copies shall be mailed directly to the Contracting Specialist Antonio Reyes at the address provided on Block 9 of the Standard Form 1449.
3. **Submittal of Electronic Copies of the Proposal:** In addition to the hard copies of the proposal required above, offerors shall submit an electronic copy of all of the technical documents to the address provided on the Standard Form 1449, unless otherwise specified. Offerors shall provide three (3) Compact Disks (CD) containing the technical proposal only – no pricing should be included. Offerors shall include the following in their electronic submission: Subject area include VA69D-13-Q-1334 followed by the Offeror's Name.
 - Each CD should also include the name and phone number of the individual submitting the information electronically. The Contracting Officer will distribute copies to the technical review team for a confidential review.
 - Any technical information which is considered to be "proprietary" or confidential must be marked as such.

Vendor shall provide a solution that, at minimum, can support the anticipated usage demands listed above. Vendor shall provide a solution that allows for bandwidth growth, or throttling, thus giving the VA the ability to accommodate dynamic usage demands appropriately. Vendor will maintain and ensure service is available at all times, if Wi-Fi service is unavailable or lost an equitable price adjustment will be made for time service is unavailable.

2. INFRASTRUCTURE REQUIREMENTS

Vendor shall provide specific product detail of the hardware components included within the proposed system design. Vendor is encouraged to include specification “cut” sheets. The VA will make 2U of rack space available to the vendor for VGIA switch gear and patch panel in the closets outlined below. The VA requires vendor to include a 10 foot service loop at each access point/antenna, to allow for easy repositioning.

For Service to Entire 1ST Floor

Proposal shall include the following components and installation/service for each data closet number's 1543B, 1657B, 1401, 1139B, and 1256.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to all 5 closets, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Areas: ICU (2500) and Surgery (2496)

Proposal shall include the following components and installation/service for data closet 2532a.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Area: GI (2181)

Proposal shall include the following components and installation/service for data closet 2156.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Area: CT/Radiology (2479 2431)

Proposal shall include the following components and installation/service for data closet 2487a.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Ward/Clinic: 3C North

Proposal shall include the following components and installation/service for data closet 3627A.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Ward/Clinic: 3C South

Proposal shall include the following components and installation/service for data closet 3529A.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Area: Gold Clinic (3203/5)

Proposal shall include the following components and installation/service for data closet 3228B.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

Proposal shall include the following components and installation/service for data closet 6410.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Ward/Clinic: 7C North

Proposal shall include the following components and installation/service for data closet 7619.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Ward/Clinic: 7C South

Proposal shall include the following components and installation/service for data closet 7525.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Area: Outpatient Surgery (7203, 7204)

Proposal shall include the following components and installation/service for data closet 7228.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Area: Ortho Clinic (7125, 7131)

Proposal shall include the following components and installation/service for data closet 7128.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Area: Dental Clinic (8603)

Proposal shall include the following components and installation/service for data closet 8622.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Waiting Area: Eye Clinic (8508)

Proposal shall include the following components and installation/service for data closet 8523.

- One (1) Network Switch and associated accessories (mounting hardware, transceivers, connectors, etc.).
- Certification of existing fiber runs, to closet, from 3325 that may be used as part of vendor solution.
- Category 6 cable (color: bright green) run to Access Point device(s).

For Service to Ward/Clinic: 8A North – Palliative Care

Proposal shall include the following components and installation/service for data closet 8228.
